

Hello, Myself Sangulata Sengul Aikwar, I have been a student of Carmel Academy High School Chomoshi. I got 95.4% in my 10th boards. Now, I am preparing for JEE in glorious Redding Chandrapur. The environment in our institute is very studious, which helps us to understand the reality of competitive exams like JEE. The teachers in our institute are experienced and helpful as well. They teach us the difficult concepts in the easiest way by taking real life examples. Whatever we learn in the 2 weeks of the period, is tested regularly by conducting tests. This regular test tries us to test our knowledge also clears our concepts. Doubts solving also takes place, which helps us if we are stuck anywhere in studying any particular concept. Our teachers provide us class and assignments regularly which gives us confidence in any particular chapter. Non-teaching staff is also very supportive. At the end, I want to say that our institute is not just in Chandrapur.

Sangulata Sengul Aikwar.

Chandrapur

Roll No. 201925.
